Dear David:

Thank you for making a commitment to spark the imagination of those attending our 2006 Best Practices Showcase by speaking about The Empowerment Dynamic. From the comments I've been receiving, you certainly fulfilled all of their expectations!

Our 2006 Showcase was well-attended by over three hundred participants from the public, private and not-for-profit sectors. Though engaging a diverse audience can be an arduous task, you made it seem effortless as you explained the dynamics of creating an organizational culture that empowers employees and generates change.

Thank you also for your generous contribution of two copies of The Power of T.E.D.; the winners of our Culture Book Power Packs were thrilled to receive autographed copies!

I sincerely appreciate you taking the time to share your talents, expertise and insights with our audience. As our 2007 Best Practices Showcase approaches, I'll be sure to put you on our mailing list; we would love to have you return, either as a speaker or a guest.

Best regards,

Sharon R. Bock
